Skills & Abilities

ANALYTIC AND PATTERN RECOGNITION SKILLS
· Able to quickly and effectively notice patterns both in real life and in data.

COMPUTER SKILLS
· I am very effective with computers and have good knowledge of many useful software including Python, SQL, Excel, Windows, Linux, JavaScript, and C/C++.

COMMUNICATION AND TEAMWORK
· Very strong in teams, able to both take charge when it's needed as well as let someone else lead when they are better suited for the task. Strong professional communication skills, both online and in person.

Experience

CODE SENSEI | CODE NINJAS | DECEMBER 2020 – MARCH 2022
· Education position focused on teaching children the basics of programming. Mostly consisted of JavaScript, however python and scratch are also in the curriculum.

INTERN | VETTY INC | JUNE 2021 – AUGUST 2021
· Remote summer internship where I was on the automation team using Javascript to automate web application testing.

SALES ASSOCIATE | SPRINT| AUGUST 2018 – AUGUST 2019
· Sale of smart phones. Customer service-oriented job where sales and problem solving were my primary goals.
